

eGuidance: 6th European Conference
widening access
to lifelong guidance
Riga, Radisson Hotel • Sept. 16-17th, 2009

Public bodies and private organizations have the opportunity to debate educational and vocational guidance issues during plenary sessions and thematic workshops. In addition, a specific exposition area enable participants to see the most recent products and services in the field of e-guidance. The conference is jointly organized by the ELPGN - European Lifelong Guidance Policy Network and by the eGOS project with the support of the European Commission through the Lifelong Learning and CIP programmes
