

ELGPN Work programme 2011-12

Reflections and suggestions by ETF

Helmut Zelloth

Senior Human Capital Development
Specialist, ETF

Zaragoza, 3 May 2010

1. Celebrating the ELGPN success

- ✓ Applause for achievements since establishment
- ✓ Unique policy network and value for EU member states and beyond
- ✓ On the right track
- ✓ WP 2011-12 well thought through, sound and coherent architecture
- ✓ ELGPN entering a new phase

2. Making it even more powerful

...and increasing impact of ELPGN work through...

- Enhance networking at national level including National Action Plans on LLG by country teams
- Develop strategic and specific translation mechanisms to higher level policy-making in career guidance / LLL including creative dissemination, learning and lobbying activities at national level
- Identify (one) strategic priority topic on which all ELGPN members/countries work together – eg Co-operation and co-ordination mechanisms in LLG

3. ELGPN and ETF

- Enhancing the **external dimension** – involving candidate and potential candidate countries to ELGN activities + stronger links to EU neighboring countries, *eg mapping of interest of member states in bilateral support to third countries*
- Further develop our **Strategic Partnership Agreement**

**Wish you a great success
with the WP 2011-12
implementation !**

Thanks for your cooperation
