

# ELGPN WP1 – Career management skills

## TASK FORCE 1 – CMS CATALOGUE/INVENTORY

Aleksandra Sokolova & Anne Froberg

### **Field visit 1**

28 -29 March 2011, Lisbon, Portugal

# OBJECTIVES OF THE WP 1 TASK FORCE 1:

## Main task:

- Developing of the CMS catalogue/inventory (data collection).

## Sub-tasks:

- An analysis of the data structure focusing at the areas and headings with implications for a revision/design of the **Guidance policy manual/tool-kit** and **new/updated Common reference tool (CRT)**
- An analysis of the data collected focusing at the implications for the **Task force 2 (Conceptual overview of success factors that contribute to successful CMS policy implementation)**
- An analysis of the data collected focused at the transversal elements of the four ELGPN thematic actions

# WHAT AND WHY IS CMS CATALOGUE/INVENTORY?

## **“CMS overview in Europe – CMS catalogue/inventory”**

CMS catalogue/inventory is a list of themes/topics (with items organised around set of categories) from which ELGPN countries could choose in order to develop their own CMS frameworks in respect to national context (curricular tradition, educational and labour market sectors, other).

# HOW TO DEVELOP CMS CATALOGUE/INVENTORY?

## Main steps:

- Update of the questionnaire applied during ELGPN 2009-10
- Distribution of the questionnaire to WP1 and ELGPN member countries - data collection for the CMS catalogue/inventory
- Data analysis and structuring
- Developing the CMS catalogue/inventory
